Five underwriting classes

Classes may vary by product and age. Check product specifications for available classes.

1. Preferred plus nontobacco

Preferred plus is the best risk classification from Lincoln and includes those applicants who have not used tobacco or nicotine in any form in the past 36 months (except for the occasional cigar, provided the urine specimen is negative for nicotine) and meet all of the preferred plus criteria.

2. Preferred nontobacco

This class is for clients who enjoy exceptional health and have not used tobacco or nicotine in any form in the past 24 months (except for the occasional cigar, provided the urine specimen is negative for nicotine) and meet all the preferred criteria.

3. Standard nontobacco

This class represents those insureds who have an average life expectancy and do not meet preferred criteria. This class includes applicants who use cigars, pipes, chewing tobacco, and other tobacco products, and who may test positive for nicotine. Excludes cigarette and e-cigarette smokers.

4. Preferred tobacco

This class is similar to the preferred nontobacco class where the insured meets all the preferred criteria, but the insured has smoked cigarettes within the past 12 months.

5. Standard tobacco

This class is similar to the standard nontobacco class, but the insured has smoked cigarettes within the past 12 months.

Note: Marijuana is not considered a tobacco product and can qualify for nontobacco rates.

Vaping of any nicotine substance/liquid is considered tobacco use and vaping those substances/liquids will be assessed at the tobacco rate.

BUILD

Preferred plus nontobacco criteria:

Up to age 69—BMI of 29 or less and minimum BMI of 18

Age 70 and up—BMI of 30 or less and minimum of BMI of 19

To determine the applicable rating, first locate the appropriate chart using the client's current age, then find the client's height in the first column. Each cell in that row corresponds to the highest weight allowed for the rating displayed at the top of the column. Find the left-most cell with a value greater than or equal to the client's weight in pounds to determine the appropriate rating.

Special notes

- Do not order an APS completed for FAA, DOT, insurance, military or employment purposes.
- For ages under 60 for amounts of \$1 million or less, do not order multiple APSs without prior underwriter approval.
- For ages 50 and older for amounts of \$1 million or more, up to two APSs can be ordered without prior underwriter approval.
- If any of the following impairments are indicated, an APS should be ordered regardless of the age or amount:
 - Cancer/tumor (to include pathology report and follow-up notes from a doctor)
 - Cerebrovascular accidents/strokes or peripheral vascular disease
 - Crohn's disease/ulcerative colitis
 - Diabetes
 - Emphysema/COPD
 - Epilepsy/seizures
 - Heart disease (including coronary artery/valvular disease and heart attack, to include catheterization report and copies of any cardiac tests, if applicable)
 - Liver disorders/kidney disorders (except kidney stones)
 - Psychiatric disorders excluding anxiety, depression and adult ADHD
 - Neurological disorders (including Parkinson's disease, muscular dystrophy and multiple sclerosis)
 - Rheumatoid arthritis
 - Sleep apnea
 - Substance abuse
- At age 70 and older, if there is no personal physician or no physician seen within the past 12 months, Lincoln will not consider for insurance.

While not all-inclusive, remember these are guidelines and should only be used as such. If there is any question as to whether an APS is needed, contact your underwriting partner. When in doubt, do not order a report.

*Lincoln will not pay the APS Translation vendors directly; however, services completed by these vendors qualify for agent reimbursement. Translations are reimbursed up to \$250 with no prior approval; for any fee above \$250, please contact your Underwriter or the Vendor Management Team at nbvendormgt@LFG.com for approval.

Lincoln strongly encourages the use of our approved vendors. The advantages offered include

- Vendors have passed Lincoln's IT assessments, thus assuring the security of our customer, employee, agent and company nonpublic personal information (NPPI).
- Vendors are held to contracted service-level agreements, helping to leverage issue resolution.
- Vendors directly bill Lincoln, eliminating out-of-pocket expenses for any field-ordered services.
- Internal partner support for vendor-related issues.
- Ordered results are electronically transmitted directly to Lincoln, eliminating additional efforts and processing by the agent.

XRAE

We have partnered with XRAE to offer you a quick quote system, which provides you an instantaneous quote for many common impairments based on our proprietary underwriting guidelines. Depending upon the information entered into this underwriting tool, you will receive a rate classification.

To get started, access the XRAE Quick Quote Tool on the product pages of your Lincoln producer website.

We are driven to deliver outstanding service and value through dedicated customer-focused underwriting. We build strong, trusting relationships with partners, seek the top industry talent, and use an underwriting philosophy of “easy to do business with.”

Medical reimbursement guidelines

We appreciate your business and thank you for submitting insurance applications through Lincoln Financial Group.

We encourage you to use our approved vendors for medical requirements. If you choose to order from an approved vendor, the vendor will directly bill Lincoln Financial, thus eliminating the need for you to pay out-of-pocket and submit documentation for reimbursement. However, if you order requirements from a nonapproved vendor, follow the steps below to ensure you receive prompt reimbursement.

Ordering process

- Submit a cover letter with the initial application stating what you are ordering, so duplicate orders do not occur. If the Home Office is notified at this time and the requirement is needed by the underwriter, reimbursement requests will be processed according to the following guidelines.

Reimbursement process

- Include the reason for the reimbursement request, a copy of the invoice, proof of payment, applicant's full name, policy number, and applicant's date of birth.
- For APS reimbursements, also provide a contact name at the physician's office or medical facility.

- Reimbursement will be made for the actual APS total cost up to \$250 (includes a maximum retrieval fee of \$17). We will reimburse up to a total of \$250 from each single doctor or source. The total of \$250 is a combined total from each single doctor or source, no matter the number of individual APS records received from that doctor or source. Any amount over the total of \$250 will need to be preapproved by the underwriter. Please have the bill submitted in its entirety for a one-time reimbursement.
- APS translation cost will be reimbursed up to \$250. Lincoln will only accept translations completed by MIR Associations Inc. and OSC Communications. Contact underwriter for APS translation approval.
- Medical requirements completed by unapproved vendors or personal physicians will only be reimbursed up to our average approved fee. Contact the underwriter for personal physician approval.
- Bilingual PHIs: We will only reimburse for orders through First Financial.
- All reimbursement requests should be sent to MedFeeReimb@LFG.com.
- For informal or trial applications, we do not pay for requirements, but we will honor requests for reimbursement provided a formal application is submitted.

Additional important information

- For formal applications, we will reimburse for any record that is needed based on the appropriate age/amount requirement grid. Our approved vendors have the appropriate grids. We will reimburse once the formal policy has been submitted.
- You will be reimbursed within 30 days after receipt of your invoice. Please be sure to include a remittance address and name. Reimbursements must be submitted within six months of placement.
- If you select a nonapproved vendor, you will continue to be responsible for providing the vendor with current exam forms, age/amount grids, and any other necessary documents needed via intranet sites.
