## VARIABLE UNIVERSAL LIFE

*Innovative Underwriters Now Available as BGA for VUL Sales*

### Great News!

IU is now available as BGA when your clients are seeking a VUL solution. Choose from the approved list of carrier specific products available.

### Key Notes:

- All sales must continue to go through Park Avenue Securities (PAS)
- Compensation and credits will be paid through PAS
- A PAS books and records account must be opened and approved
- Suitability must be conducted on the policy purchase

### VALUE TO YOU:

*Leverage existing relationships at IU and take advantage of the ability to share files with Guardian.*

*When you use IU, you won't have to add another BGA to the mix.*

## eAPPLICATION

Minimize paper use and create efficiency

### Eliminate Paper Applications

The eApplication process helps eliminate paper applications and allows you to complete them online along with eSignatures. Unlike paper apps, eApp will not forget forms and will put everything in good order.

### How it Works:

Access the e-App platform through Innovative Underwriters website using your GOL login:

<https://innovativeunderwriters.com>.

Start a new case, choose the carrier, and complete all fields of the application. The system will note green check marks for fields upon completion and red question marks indicating missing information required to send. You'll know exactly what is needed to submit in good order.

### CARRIERS:

## **DROP TICKET** *The Fastest Route to More Sales*

### **Differentiate yourself from the competition**

Drop Ticket is a multi-carrier digital platform that allows you to compare term rates from multiple insurance companies. Just select a carrier and submit an electronic application! Drop Ticket is also the best way to access accelerated underwriting.

### **How it Works\*:**

Enter from the **Drop Ticket** section on Innovative Underwriters website

<https://innovativeunderwriters.com/term-on-the-go/>

Create a term app on your phone, tablet, or computer, and complete a request for a life insurance ticket. The ticket is sent to the carrier service center. A representative contacts the client to conduct the interview and orders evidence, if required.

*\*If using Drop Ticket for the first time, you will need to register. Please contact IU for an immediate ID request approval.*

## JOHN HANCOCK – VITALITY FOR ALL

*Help give your client control over a portion of their policy's pricing*

### **What it is:**

Your clients can earn Vitality Points for the everyday things they do to be healthy, like exercising, eating well, and getting annual check-ups. The more Vitality Points they accumulate, the higher their Vitality Status (Bronze, Silver, Gold, Platinum). The higher their Vitality Status, the greater their rewards and discounts.

**Vitality GO:** Included on all John Hancock Flagship policies at no additional cost.

**Vitality PLUS\*:** An enhanced version of the program you already know.

### **It's now easier than ever for you to:**

- Present Vitality on all your cases
- Give all your clients the type of life insurance they prefer
- Sell and recommend John Hancock Vitality
- Differentiate yourself in the marketplace

**Learn more about WHY John Hancock Vitality** [www.jhredefininglife.com](http://www.jhredefininglife.com)

### **VALUE TO YOU:**

*You can help all your clients live longer, healthier lives with two great versions of the John Hancock Vitality Program.*

## FOREIGN NATIONALS

*As the global economy expands, so does the need for international estate planning.*

### Foreign Nationals Mean Big Business.

Creating a financial plan or strategy can be complex. The process becomes even more intricate when it involves a foreign national.

### These Clients Are Typically Classified into 3 Categories:

- *Non-U.S. Citizens who live/work in the U.S. at least 6 months per year*
- *Non-U.S. Citizens who live/work outside of the U.S., but who own assets in the U.S. (verifiable minimum of \$500,000 of assets in the U.S. for at least 6 months)*
- *U.S. Citizens who live/work outside of the U.S. more than 6 months per year*

## PEOPLE LIVING WITH HIV

### Help clients who were historically uninsurable.

Due to medical advancements, what was once known as a traditional automatic decline is now possible to insure – within certain parameters.

Carriers require Proposed Insured's living with HIV to be otherwise very healthy with a stable and undetectable viral load; among other requirements.

### Here are a few key details to know:

CARRIER:	AGES	MAX FACE AMOUNT	RISK CLASS BEST OFFER	PRODUCTS
<i>American National</i>	20-60	\$5,000,000 <i>May go higher with re-insurers</i>	Table 4	Term, Universal, or Whole Life
<i>John Hancock</i>	30-65	\$2,000,000	250-400% rating; or \$2 flat extra for younger ages	Term or Universal Life

### CARRIERS:

*American National*

*John Hancock*

### VALUE TO YOU:

*There are over 1 million individuals living with HIV in the US today\* – You can help those who qualify find the right life insurance policy for them and increase your client base.*

## NATIONWIDE WAS ON THEIR SIDE

*Competitor Match Program*

### **The Client:**

*60-year-old female with a history of well controlled diabetes for the last 5 years on Metformin.*

### **Existing Offers & Concerns:**

*Multiple standard offers on the table, and 2 Preferred Non-smoker offers*

### **Client's Long-Term Goal:**

*Seeking \$2.5 million of Guaranteed Universal Life coverage*

### **Complications:**

*The 2 carriers offering Preferred non-smoker rates, unfortunately, do not have No-lapse Guarantee UL.*

### **Strategy:**

*Upon reviewing all offers available, the underwriting team to AIN resubmitted the case to Nationwide under the Competitor Match Program, including the following parameters:*

- *Two matching offers are required*
- *Offer letter or email must be dated and include any specifics regarding the offers*
- *Offers must be dated within 90 days of the Nationwide new business application*
- *All underwriting requirements used to assess the risk must be included*

### **Result:**

*Nationwide approved and issued a YourLife No-Lapse Guarantee UL at a Preferred risk class with a target premium of \$68,094.*

## A SEEMINGLY UNINSURABLE WIN

*Every case is different. Let our experienced underwriters show you what they can do.*

### **The Client:**

*Female, age 77 with iron deficiency, anemia, cardiac arrest, abnormal EKG, abnormalities in cardiac history, asthma, COPD without complications, node in adrenal glands; long standing depression and anxiety; speeding, DUI, and multiple motor vehicle violations.*

### **The Concern:**

*Finding a life insurance policy she would be eligible to obtain.*

### **Client's Long-Term Goal:**

*Wealth Transfer and protection*

### **Complications:**

*Medical history and driving record.*

### **Strategy:**

*Utilize our experience and relationships to secure an offer of insurance. We knew exactly which carrier to approach.*

### **The Process:**

*IU shared the overwhelming medical records details; also included favorable supporting evidence for why this client was, in fact, insurable. IU suggested a rating to the carrier underwriters.*

### **Result:**

*The Guardian financial professional was able to offer their client a Table 4 offer that was shaved to a Table 2 firm offer.*

*Someone who had appeared completely uninsurable, ended up with a Table 2 offer as a result of the experience and impeccable service provided by Innovative Underwriters.*

***This client was not left behind.***

## PROVIDING REPLACEMENT VALUE

*Every case is different. Let our experienced underwriters show you what they can do.*

### **The Client:**

*Male, age 67 with previous prostate cancer, past AFib, lung nodules for several years. Long term client of the agency.*

### **Existing Policy & Concerns:**

*VUL with \$2mm in cash value issued with preferred rate. Currently falling apart and wouldn't last to age 100. Policy too aggressive for client's comfort.*

### **Client's Long-Term Goal:**

*A future income stream generated from a more conservative product.*

### **Complications:**

*Policy originally written by a non-guardian agent through another carrier.*

### **Strategy:**

*Roll the cash value into an Indexed Universal Life product.*

### **Negotiation:**

*Two carriers initially provided offers. One backed out and the other was on the verge. IU successfully negotiated additional tests and the carrier agreed. A Table 4 offer was made.*

### **Confirming a Replacement was Right for the Client:**

*A COI review was conducted with accuracy confirmed by Guardian's product team. The new policy was, in fact, better for the client.*

### **Result:**

*A new policy providing upside potential with downside protection, something the previous product didn't provide; with also the same - or slightly more - income than originally expected.*

*Conducting a COI review and partnering with Guardian was the key differentiator in finding a valuable solution, and confirming it was the right solution, for the client. **This client was not left behind.***

### VALUE TO YOU:

Always have a solution to help your clients save for retirement.

Over the next 30 to 40 years, \$30 trillion in financial and non-financial assets is expected to pass from the baby boomers – the wealthiest and one-time largest generation in the U.S. history – to their heirs. Therefore, navigating this latest transition will be critical.<sup>1</sup>

## **SPIA FOR THE WIN**

*Finding a strategy to meet the client's goal and address their concern*

### **The Client:**

*45 year old divorced male with two young daughters. Conservative investor with a current portfolio included a few million dollars in real estate, and \$8-\$10 million in the market.*

### **Client's Long-Term Goal:**

*Looking for more guarantees and liquidity in portfolio. Obtain enough death benefit to take care of his daughters today and in the future; and to help with estate planning down the road.*

### **Complications:**

*Client interested in pre-paying a 10 Pay Whole Life policy and was concerned about the impossibility to obtain money a year or two later from the funds deposited into the PPIA without surrendering the entire policy.*

### **Strategy:**

*Use a SPIA to fund the 10 Pay Whole life policy to address the client's liquidity concern.*

### **Result:**

*Innovative Underwriters facilitated placement of a \$4,000,000 SPIA through Symetra to fund the 10 Pay whole life policy. Agent's commission was 3% (\$120,000). 10 Pay Whole Life policy was placed through Guardian. Adding a piece with conservative accumulation and tax advantages to the client's portfolio, creating a good balance of safe, moderate, and aggressive.*

## DISABILITY INCOME

### **VALUE TO YOU:**

*Expand opportunities to clients unable to obtain DI through Guardian.*

*Stacking DI benefits when coverage need is beyond income and participation formulas provides you with the means to fully protect your client.*

*Offer DI to your dental client's employees. Hygienists make a good salary and may qualify for multi-life discount if you write more than one in a practice – some companies also offer a professional discount!*

### **Military Clients?**

Mass Mutual and Petersen's/Lloyds of London will provide DI coverage to physicians and dentists in the military.

## DISABILITY INCOME EXCESS VALUE

*Every case is different. Let our experienced underwriters show you what they can do.*

### **The Client:**

*45-year-old neurosurgeon earning 7.5 million per year.*

### **Concerns:**

*Coverage through Berkshire and Principal policies capped at \$25,000 per month.*

### **Client's Goal:**

*Income protection allowing for a continuation of life style in the event of a disability.*

### **Complications:**

*High income.*

### **Strategy:**

*Identify a carrier able to provide high limit Disability Income.*

### **The Process:**

*Through our relationships and experience, we knew which carrier would be able to accommodate the case details so that the agent could provide a solution for his client.*

### **Result:**

*A Lloyd's policy was placed through Petersen providing a \$100,000 benefit per month with a 90-day elimination period and a 10-year benefit period.*

*The client decided to prepay 5 years of coverage for a 20% discount, saving over \$60,000 in premium. The total premium was \$267,080. The agent received a commission of \$40,050.*

*An initially capped benefit amount of \$25,000 was turned into \$125,000 by knowing which carrier to call.  
**This client was not left behind.***

## NO DISABILITY INCOME CLIENT LEFT BEHIND

*My Berkshire disability case is declined – now what?*

### When a Berkshire disability case is declined:

Action	Turn-Around Time
<p>A synopsis of the case will automatically be sent to a reinsurance underwriter for evaluation with the <b>three carriers</b> in the industry that accommodate impaired risk DI:</p> <ul style="list-style-type: none"> <li>• <b>Assurity</b></li> <li>• <b>Fidelity Security</b></li> <li>• <b>IDU Lloyds of London</b></li> </ul>	<p>Offer sent approximately one week from time case declined</p>

### VALUE TO YOU:

*When a Disability Income case is declined, we automatically shop it for you, allowing you more time to service other clients while still focusing on finding a DI solution for your client.*

### Frequently, DI declines are triggered by the insured’s occupation.

Source Brokerage has a variety of carriers who accept higher risk occupational declines and will help guide you to the appropriate product for your client.

*Innovative Underwriters will automatically send DI Declines to Assurity or Risk, based upon what state the case is located.*

## ADDITIONAL EXCESS VALUE OCCUPATIONS

*Some career paths require more*

**These 25 occupations** typically require excess DI coverage to adequately protect their income beyond the benefits that domestic insurers can provide:

### VALUE TO YOU:

*Adequately protect your clients in these occupations when you offer excess DI coverage through Peterson International.*
